Customer Reviews

We are so used to thinking of China as a single Han culture that we forget the existence of other cultures, such as the Tibetans (Xizang), Diao, Miao, and Hani -- not to mention the Islamic peoples of the far west. When I read SOUL MOUNTAIN, I received my first education in the subject. Now I have received quite by chance this children's book from University of Hawaii Press. Upon looking at it, I was drawn in by the excellent illustrations and started reading. I can't speak for what a child would think (and I don't have one to act as a guinea pig), but I loved it. The book consists of four folk tales, each from a minority culture. After each tale is a description of how it has given birth to a festival, and how that festival is celebrated today. In a society such as ours which has so little understanding of other cultures, this would be a particularly painless way of introducing children to a wider, more colorful, and fascinating world. My congratulations to Carolyn and Jay Han and the

excellent illustrator Li Ji.
