Ecology & Liberation; A New Paradigm (Ecology & Justice Series)

Synopsis

Taking cues from science as well as mystical traditions, Boff finds that interrelatedness forms the key to a new paradigm. He critiques common approaches to ecology and discerns in the growing ecological awareness, and in the search for spirituality and meaning, the seeds of an alternative to a world of alienation, inequality and escalating natural destruction.

Customer Reviews

Another wonderful book by Leonardo Boff, I enjoy all his books, about life, love and religion. He is what all Catholics need to aspire to be.
