Customer Reviews

When I ordered this book, it was described as "new and shrink wrapped", but it was not shrink wrapped, and it appears shop worn. Additionally, it didn’t come with the necessary CD containing vital exercises for my class. Bummed, but need the book right now. Lesson learned.

I got this book delivered but I didn’t get the CD that what it tells me in the web. The book was wrapped in plastic as if new, but there was no Data Files CD included.

Really great shape and the price could not be beaten. I am still learning power point and it is hard for me I am not super computer literate. Thanks

Wish it had come with the CD but book is in excellent shape. Thank you.
All instructions are step by step & pretty self-explanatory.
