Caution, make sure you get the desired edition. I purchased this for my son based on the photo shown. I have now discovered that this photo goes with a newer edition and different ISBN number. What I received was an earlier edition with a star image on the front cover. The edition used at school is one with the Jefferson Memorial on the cover. I should have gone by ISBN numbers rather than rely on photos on.

Yes, the book is highly informative and very clear on the issues addressed/discussed. I recommend it to others who would want to be more informed about civics related issues.

Excellent

I will give it 4/5 stars because it is hard to understand CIVICS especially if you need to learn things that are for adults-and-up.
