Finding Hope (Love's Compass Book 2)

Synopsis

Finding Hope is the second book in the Love's Compass series. This is a sweet, Christian romance novel. Cancer. That one word has rocked Lexi Chandler's life to the core. Her focus has always been to help others. She loves being a nurse and enjoys spending time with her family. Things had been going according to plan. Now she's struggling to pick up the pieces and make sense of the changes in her life. Lance Davenport has cared for Lexi since they were kids. Between their age difference and bad timing, he's turned burying his feelings into an art. Now, watching Lexi battle with cancer has made him realize just how much he's missed. He doesn't know what their future holds, but he's determined to not waste another minute. The people closest to Lexi pull together as she tries to navigate her way down a path none of them ever dreamed she'd have to travel.

Customer Reviews

Introduction Help me! I'm addicted! *tries to catch breath* This book had me laughing, crying, and frustrated. Sometimes all at the same time. I laughed at the humor and teasing between many of the characters. It reminded me of our family sometimes. I cried during the sad parts and when

one of the minor characters did something super sweet for the struggling main character (intentionally vague to avoid spoiler). And I was frustrated when Lexi kept being so dense! Seriously, Lexi! Can't you see? I really am trying not to give you any spoilers. You'll just have to read the book to see why I responded this way. ;) Characters: 1/1 Lexi, Lance, Tuck, Laurie, Serenity, Gideon, Finnegan, Lance's family | They're all super fun and well developed. I want to meet them all in real life, but that's impossible. Unfortunately. Dialogue: 1/1 Sometimes heart-wrenching, sometimes laugh-out-loud hilarious, sometimes perfectly romantic, and sometimes beautifully serious, honest, and open. The dialogue was perfect for each of the characters and unique to all of them. Plot/storyline: 1/1 The words I would choose to describe the plot are: unpredictable, fun, serious, heart-wrenching, and relevant. This book is about a young woman who gets cancer. If you know anyone who has fought cancer, you will be able to relate to this book. Even if you haven't had to stand beside someone who has fought with cancer, you should still be able to relate. I did. Over-all writing quality: 1/1 The writing was engaging, well-edited, and well done. Nothing in the book pulled me out of the book except for the two minor typos I saw.
