Customer Reviews

World War Hulk is the comic book equivalent of a summer action movie: long on action and fun, but short on plot. If that appeals to you, then grab your popcorn, sit back, and enjoy! Pretty much the same thing happens in all 5 issues: a succession of Marvel's heroes all line up to stop the Hulk, who's madder than he's ever been -- and one by one, they all fail. Up until the last issue, which seemed a little cliched (see spoiler alert below). The Hulk has always been one of my favorite characters, and it was nice to see him in a big "event" comic which affects other Marvel characters. Then again, it doesn't really affect other characters much, because, by the end, lots of people have been beat up, and lots of property damage has occurred, but nothing else really changes. Nobody dies, nobody's life is changed, and the status quo is pretty much the same at the end as the beginning. The fact that the Hulk is prepared to wipe out the entire eastern seaboard makes it a little hard to root for him. And the fact that no heroes have any success at stopping him makes the storyline seem a little repetitive -- like it doesn't really matter what anybody tries next, because the result is only going to be the same as with the last hero who tried. That is, until the last issue, when

...[SPOILER ALERT]... the Sentry fights Hulk to a standstill, and the Hulk finally calms down. Sentry is referred to all throughout the book as one of the Hulk's closest friends, and the one character who could always calm Hulk down, which does build up anticipation for the final battle, but to me it also raised another question: Who in the world is the Sentry?
