Romiette And Julio

Download Ebook
Synopsis

Star Crossed Lovers  When Romiette Cappelle meets Julio Montague, she feels as though she has met the soul mate who can rescue her from her recurring nightmare about fire and water. But like the Shakespearean characters whose names echo theirs, Romiette and Julio discover that not everyone approves of their budding romance. In their case, it is because Romiette is African-American and Julio is Hispanic, and the Devildogs, a dangerous local gang, violently oppose their interracial relationship. When the Devildogs threaten to teach them a lesson, Romiette and Julio come up with a risky plan to escape from the gang's fearsome shadow. But things go terribly awry, and the two find themselves caught up in a deadly reality more frightening than Romiette's nightmare -- and in a desperate struggle to avoid the tragic fate of Shakespeare's famous young lovers.

Book ReviewRomiette and JulioBy: Sharon M. Draper The story of Romiette And Julio is a modern version of Shakespeare's classic play "Romeo and Juliette." You might think you know what happened in the story, but you don't. The couple in the story will show you how love can over come
Romiette is a high school student who has lived her entire life in Cincinnati. She is black and lives with her parents, who are both successful--her father as a news reporter on television and her mother as a store owner. Romiette has never had a real boyfriend, but then she meets Julio online one afternoon. Julio has just moved to Cincinnati from Texas, and he hates it, especially the cold weather, which he never had back home in Texas. His parents wanted to leave to get away from the gangs that were running rampant in Julio’s school. Unfortunately, the gangs in Cincinnati are just as bad, especially the Devildogs, a black gang at Romiette and Julio’s school. When Romi and Julio talk online enough to realize they are going to the same school, they decide to meet for lunch one day. The two of them really hit it off; there is a definite spark between them that makes them want to spend all of their free time together. The Devildog gang doesn’t like it, though. They don’t want one of the pretty black girls at their school associating with a Hispanic boy. They threaten Romi and Julio and try to make them stop seeing each other. Romi and Julio don’t know what they can do, but then they come up with a plan to secretly videotape the threats and bring that tape to the news, to expose this gang. When they put the plot into action, though, things go terribly wrong and Romi and Julio’s lives are in danger. I liked seeing the two families who started off not liking each other come together in order to help their children. I also liked the characters of Ben and Destiny. Both were incredibly vivid and really good friends. This book, however, was incredibly simplistic, almost to the
point of being insulting.
