# Mercy's Prince (He Who Finds Mercy Book 1)

## Synopsis

As second son of the King of Levathia, seventeen-year-old Valerian desires the quiet life of a scholarly monk. But when he fails to save his older brother in battle, Valerian must instead become crown prince. While a traitorous knight schemes against him, Valerian meets Mercy, a pacifist Healer with whom he can speak mind-to-mind like the great dragons. Their bond emboldens Valerian to seek out the legendary dragons and ask for their help against the monsters who killed his brother. Can Valerian survive the traitor's assassins long enough to find the dragons? And if he does, can he convince them to lay aside their hatred of humans and help him save the land from destruction?

## Book Information

File Size: 2025 KB

Print Length: 430 pages

Publisher: Quinlan Creek Press; 1 edition (July 6, 2015)

Publication Date: July 6, 2015

Sold by: Digital Services LLC

Language: English

ASIN: B0115KNDS4

## Customer Reviews

This story was nothing short of a joy to read. It's always refreshing to get totally immersed in a story without being jarred back to reality by misspellings, grammar goofs and other writing faux pas. The characters jump right into your heart, at least the good ones. I love the cover, which captures the spirit of Prince Valerian so beautifully. He as well as sweet Mercy and many other supporting characters are not only convincing but very human with dreams, aspirations and hopes beset with

tremendous obstacles, making it easy to connect with them emotionally. Their struggles are at times heart-rending as these genuinely goodhearted, god-fearing individuals are forced to confront situations where they're forced to make a decision that runs against their beliefs, vows and principles. Not all of the characters are good, of course, and this one includes a villain who's ruthless and beyond evil. His actions and intent sets your hair on end as you wonder what this devious slimeball is going to do next to make the hero and heroine miserable, up to and including making attempts on their respective lives, as he furthers his own agenda. Which brings me to the suspense, an element that's superbly sustained throughout. This is reinforced by the fact that the good guys are not spared hardships, injuries or in some cases, death, making it more true to life than some where the protagonist and his cronies border on omniscient super-heroes who miraculously escape any sort of physical threat. This story has enough elements to satisfy fantasy buffs, but they're low key and realistic enough for those who simply enjoy a good tale with plenty of suspense and, of course, romance.
