The first edition of Cruden's Concordance was published some 275 years ago (1737 to be exact). During the intervening centuries it has gone through a variety of editions and has been updated as needed. Needless to say, any errors have long since been caught. Cruden's Concordance serves a different purpose than does Strong's Exhaustive Concordance, in that its scope is far more limited. Unlike Strong's, which includes a complete Hebrew and Greek lexicon and, in some editions, at least, a topical Bible, Cruden's simply lists every occurrence of each word found in the KJV. As such, its main purposes are as a help in finding where in the Bible a particular verse is found as well

as all the places where a given English word is used. I have used my copy for these purposes on a number of occasions. The prospective buyer should be aware of one major drawback. Because it is a concordance of the KJV, someone not familiar with this version might find it difficult to pinpoint certain verses, particularly those where the key words in the passage are translated differently in contemporary versions from their translation in the KJV. However, for someone for whom this is not a problem, Cruden's will serve as an excellent and useful reference, particularly when one is trying to figure out just where that "familiar verse" is located.

I bought this concordance for my brother, and I was especially looking for a KJV printing. It seems to be very thorough, and I think he will enjoy it. The only concern I have is that the print is extremely tiny....so, if that would be an issue for you, might be something to consider. He wears reading glasses, so, I think it will work well for him. (I was thrilled with the price!)

I bought this for a friend but was a little disappointed because of the very small print. I realize that a concordance isn't read like a regular book because you're only looking up a specific word or phrase to find out where it is in the Bible but it still would be much easier with a larger print. The quality of the book is good and the price was also very affordable.

Possibly the finest concordance that you'll ever own. I use mine constantly when I try to remember the location of a memory verse (the older we get the more forgetful we get) but know a number of the words associated with the verse. A tremendous value! I've given a number of them away to friends who study the Word of God!

I love this book and I know it will get many years of great use. I could not believe the price on this and am grateful to the seller! Philippians 2:9-11 "Wherefore God also hath highly exalted him, and given him a name which is above every name: --10-- That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth; --11-- And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father."

I was devastated when my old Cruden's Complete Concordance to the Old and New Testaments did not make our move from out of state in usable condition. I had been unable to find another that was within my price range. I located this copy listed as "paper back, like new condition". The price was right and ordered it immediately. The book actually is a hard backed book and is in new

condition. What a fantastic surprise! Cruden's is an excellent biblical reference book.

It's great! High quality printing and binding. It is what it is--an index of the entire KJV Bible. We still read out of the KJV in my church, and I love having a copy of Cruden's handy for when a word or phrase pops into my mind and I want to find it in the Bible.

If like me, you can recall Scriptures mainly in King James English, this is the concordance for you. I bought this one 2nd hand and it's just like new. I never have failed to find what I want. This is the 3rd one I have owned.
