Customer Reviews

Read this to my granddaughter all the time & she loves & asks for it all the time. Even though she's only 2 years old, she understands the moral of not helping out means you don't get to enjoy the benefits of the bounty. She also likes the steps that The Little Red Hen has to go through to make the bread, & she helps me make cakes & sometimes the old fashioned way of bread - and she always wants to help & not be LAZY!

This story has a simple moral. You reap the fruit of your efforts. It is straightforward, yet the story is entertaining. The illustrations are great and this book is a must have for all toddler libraries. The point is driven home by the repetition of "not I" by the various animals when they are asked by the

hen to help her plant the wheat. This was one of my favorite books as a child and will be a favorite of my children too.

This is one of my favorite books. I never get tired of reading it to my little one. The little red hen is adorable. The illustrations are darling. I just LOVE this book!

Just as I remember it when I was a child. We recently had a baby shower for my daughter and the invitation requested a favorite childhood story be given and signed in place of a card. She received a nice selection of older classic stories, as well as, several newer titles. It was a lovely idea and she now has a great start on a home library for our grandson!

I purchased this book because I enjoyed it going up and I read it to my children. Now I'm a grandma and decided to start reading to my grandchildren and they love it, what surprised me the most is the price of this used (NEW) book, it wasn't used at all and I was able to personalize this book with their names in it so now they smile saying read my book. This was one of many books I've purchased and love so much. I have recommended this to my children for home collections. Even their cheap selves can afford this. Thank you so much

My child loves animals, so he enjoyed the pictures of the farm and the storybook characters. Red Hen tells a nice lesson of the value of hard work and its rewards. It was a good story and very appropriate for toddler age children. A family favorite in our house.

Niece liked this storybook best compared to the Princess and the Pea and Wizard of Oz. She wanted to have it read to her again. Some of the phrases are repetitive and the twist was funny at the last part.

I loved this story as a child and bought this book for my daughter. Sadly it is not the original story but instead an embellished "re-told" version that is just longer and clunkier, not better.
