Customer Reviews

The Middle School Talksheet Curriculum is a fantastic curriculum that allows us to put it straight into the hands of volunteers with little to no training. Very well laid out and easy to understand the principles and points that are being taught. I love how this curriculum gives you all the "meat" that is needed to effectively communicate the message of the Gospel. Very well done! Very Effective! Very much worth the buy.

The kindle version of this book was very badly formatted. A lot of words run together, pretty much a mistake in every other sentence. If you are going to charge this much for an e-book, at least spend the time to format it correctly.

We are doing at home bible studies and he is loving it. This was a good find and I hope you enjoy this book with your children as I had with mine.
