just like my title said I have no words. It was one of the best book I ever read. I read it to my younger brother, his friend, and my friend. They all laughed at the jokes. One of my favorite one was "What pokemon is spelled snakes and....." I forgot the rest. But I really think you should read it even if you don't like pokemon. It will be ok. So read the book. Bye

Great book for the Pokemon enthusiast! Jokes were corny but funny. My 9 year old loved reading, the jokes to the family! Since Pokemon Go was released our knowledge of Pokemon

has increased. Asking this book great for a family reading,time.

Pokémon has been around for ages after the craze started in Japan and quickly took off everywhere. You can hardly go anywhere without hearing of the well-known character, Pikachu, but it is helpful to know the other characters as well. What I love about this read is that, other than hilarious jokes that really made me laugh, it contains some facts about the featured Pokemon that are most likely not known by many. It's actually pretty fun stuff.

A very interesting bunch of Pokemon jokes. A must have short book for every fan of this infamous cartoon. Very helpful to entertain your kids. Well-written, straight to the point the author has gathered the most interesting jokes and funny moments from the series.

Good book! Perfect as a gift for a child who loves these cartoon characters. However, this book with jokes can enjoy and adults too. I enjoyed reading it and laughing at funny moments)
