Revelation (MacArthur Bible Studies)
The book of Revelation unveils Jesus Christ in glory. Written by the apostle John, Revelation was a letter to churches in Asia Minor who were feeling the overwhelming effects of persecution from all sides. This book was a reminder that encouraged them to remain faithful. Through vivid imagery, John writes Revelation to reveal the end of human history, the return of Christ, and the establishment of a new heaven and a new earth. Revelation message of hope assures Christians that God is in sovereign control of all past, present, and future events, and that Jesus Christ will judge the lost and rule in ultimate victory over all human and demonic opposition.

The MacArthur Study Guide Series provides a twelve week, verse-by-verse examination of the books of the New Testament. This revised and updated series continues to be one of the best-selling study guides currently available for individuals or small groups.

**Features Include:**
- Twelve week study
- Thought-provoking questions
- Verse-by-verse commentary

I love this Bible Study of Revelation by John MacArthur! This is the first study I have done on my own. I have regularly attended Bible Study Fellowship (BSF) classes for many years and like how in-depth but personal it is. This study from John MacArthur is very much the same. The study leads you verse by verse through the scripture and gives you enough background to make it truly meaningful. Whether you are new to Bible study or have studied the Bible for years, you will get a
lot from this study. I have never enjoyed Sunday School at church, even as a brand new Christian, because they did not get to the meat of the matter. John MacArthur allows the reader to dig deep into the Bible with this study. After each section of Revelation there are questions to answer that make the study personal for the reader. Then it is followed up by a short reading and a few questions of a complimentary passage of scripture from other books of the Bible, both Old and New Testament. It has really whet my appetite for more private study. I’m in Sunday School Bible study again right now and I can’t wait for it to end so I can pick another MacArthur study to do.

...but it’s my own fault. For a more in-depth exegesis of the Book of Revelations, I’ll need to get MacArthur’s commentary on it. Having said that, even just scratching the surface of the Book with this study guides contextual and historical sidebars has given me a more mature understanding of Revelations. What surprised me the most about the Book was the profound sense of hope it gave me that things will be put right. This study guide is intended to cover the Book of Revelations in a twelve week period, which means that longer chapters get their own chapters in the study guide, while two shorter chapters may be covered by a single chapter and associated reading assignment in the study guide. Each chapter is arranged so that it opens with some questions, usually personal questions directed at the reader. The chapter will then ask more questions to be answered from the text. The text of Revelations is included in its entirety in this guide. The text is presented verse by verse with small sidebar comments throughout. Following the text are more questions reviewing what was read, and finally, a few more questions pertaining to applying what has been read. It’s logically laid out, although I found some of the questions to be worded in less than ideal ways. If you’re a believer in and follower of Christ, this study guide will almost certainly improve your understanding of the Book of Revelations.

Our study group is finding MacArthur’s study thorough, well arranged and full of useful commentary. The questions are well written to provoke in-depth discussion.

This is the 4th MacArthur Study Guide that I have used, in as many years, to keep up my summer Bible Study. It is organized in such a way that my study can be quick and informative or more in depth if suggested verses are pursued. MacArthur’s study guide is efficient and intelligent. It is an effective study for 1 or more people. Highly recommend for the Jesus-committed, casual Christian or curious agnostic.
Wow, John MacArthur puts the cookies on the lower shelves for us. I got so much out of this book. I'm recommending it to our Bible study group as a "must read and study". I sincerely believe the Lord will return soon and am eagerly looking for His coming. Maranatha!

Excellent series! This Revelation study guide is rich with its in-depth trip into the Scripture. has done us all a big favor by including the MacArthur Bible Studies available to purchase. Oh yes, a great purchase price also!

Just completed presenting my first bible study on Revelation using John's book as our study guide. I also used Jet Tour Through Revelation CD from Grace to You for the audio portion of the study. The study had 14 people in it and each had their own study guide. We conducted the study over 13 weeks. Everyone loved John's presentation in the guide and especially his marvelous footnoting of the symbols in the passages. I am repeating the course again and have just ordered 20 more books to be distributed to the students. Excellent presentation of a difficult book.

Very good service received. I highly recommend books by John MacArthur. I have all of his commendary books (that he has out at this time) and many others by him. I have to give them all an A+.
