# The Cat In The Hat Comes Back

## Synopsis

The Cat in the Hat returns for more out-of-control fun in this wintry Beginner Book by Dr. Seuss. It's a snowy day and Dick and Sally are stuck shoveling . . . until the Cat in the Hat arrives to liven things up (to say the least!). Featuring the Cat's helpers Little Cat A, Little Cat B, and so on, and ending with a gigantic Voom, *The Cat in the Hat Comes Back* is a riotous, fun-filled follow-up to Dr. Seuss's classic *The Cat in the Hat*. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

## Book Information

Lexile Measure: 320L (What's this?)

Hardcover: 72 pages

Publisher: Random House (September 12, 1958)

Language: English

ISBN-10: 0394800028

ISBN-13: 978-0394800028

Product Dimensions: 6.8 x 0.4 x 9.4 inches

Shipping Weight: 7.2 ounces (View shipping rates and policies)

Age Range: 3 - 7 years

Grade Level: Preschool - 2

## Customer Reviews

Researchers constantly find that reading to children is valuable in a variety of ways, not least of which are instilling a love of reading and improved reading skills. With better parent-child bonding from reading, your child will also be more emotionally secure and able to relate better to others. Intellectual performance will expand as well. Spending time together watching television fails as a substitute. To help other parents apply this advice, as a parent of four I consulted an expert, our youngest child, and asked her to share with me her favorite books that were read to her as a young child. *The Cat in the Hat Comes Back* was one of her picks. The theme of this story builds from *The Cat in the Hat*. In that story, two children are home alone when the cat in the hat visits, makes a

horrible mess, and manages to clean it all up just as mother returns. Although the family fish warned them about the cat, the children were gullible. In this story, the children are not gullible, but the cat takes advantage of them anyway. The children are home alone shoveling deep snow while their mother is away in town for the day. The cat in the hat goes into the house before they can stop him, and eats cake in the bath tub while bathing. They told him to get out and pulled the plug.

Unfortunately, that left a long pink cat ring. A contrite, but overconfident, cat in the hat says he'll take care of everything. But he just moves the pink mess from one valuable object to another, starting with mother's white dress. He is a very foolish cat! Soon, he needs help. In his hat are 26 little cats from A to Z who are specialists at cleaning up the messes he just made. Eventually, the outside snow is so covered in pink spots so that the whole yard is one big spot!

Researchers constantly find that reading to children is valuable in a variety of ways, not least of which are instilling a love of reading and improved reading skills. With better parent-child bonding from reading, your child will also be more emotionally secure and able to relate better to others. Intellectual performance will expand as well. Spending time together watching television fails as a substitute. To help other parents apply this advice, as a parent of four I consulted an expert, our youngest child, and asked her to share with me her favorite books that were read to her as a young child. The Cat in the Hat was one of her picks. I have always thought of this book as a metaphor for the sort of "make believe" thinking that children like to do and are good at. The setting is a cold rainy day, and the children's mother isn't home. I have always transformed that into they are playing in their room while their mother is busy elsewhere in the house. Suddenly, a mysterious cat arrives who can do remarkable juggling (until he drops everything) and brings in a fun box (with two little creatures who fly kites). A parental voice, however, is always present in the form of the children's fish who constantly warns them to get rid of the cat in the hat. Suddenly, the mother is spotted about to reenter the house. The children are panic-stricken. The house is a mess! What to do? They are obviously about to be really in for it. I can feel the adrenaline rushing even now as I remember similar situations with friends as a child. But then, the cat in the hat returns with a miraculous device which cleans everything up! And then he is gone, just as their mother steps in. She asks, "Did you have any fun? Tell me. What did you do?"
