The Facts On Jehovah's Witnesses (The Facts On Series)

Synopsis

John Ankerberg, John Weldon, and Dillon Burroughs team up to revise and update *The Facts on Jehovah's Witnesses*, part of the popular *Facts On Series* (more than 1.9 million copies of books from this series sold). Known for their extensive research and Bible knowledge, these authors offer readers the essential facts they need to evaluate and discuss today's issues regarding the Jehovah's Witnesses, a religious organization, and the Watchtower Society. The concise, easy-to-follow information helps readers answer such questions as: What is the Watchtower Society and what power does it hold? Is the Watchtower Society's translation of the Bible accurate? Is the Society's teaching on salvation biblical? Whether the reader is merely curious or searching for specific information, *The Facts on Jehovah's Witnesses* will give them what they are looking for—easy-to-understand, factual, and relevant information about this group.

Customer Reviews

Everyone who has a Jehovah Witness in their family must read this book. It is so accurate and really helps understand how the Jehovah Witness is a Cult. This book exposes this Cult. This Cult is extremely dangerous as it separates families and refuses to acknowledge our Flag, our Military and our great Country. They pull their children out of school so the little ones are not exposed to anything except this Cult teaching. I have never seen anything like this blind Cult.

I was amazed at how John Ankerberg compiled a list of what well-known and respected Greek scholars had to say after reviewing The New World Translation. Christian and non-Christian scholars alike said it was full of mistranslations. It will break your heart to read how this organization has lied and deceived so many sincere people.

People, I can't believe these totally unscholarly reviews. First of all, not everyone has an opportunity to interview a Jehovah's Witness, so not everyone can get the facts from them. Number two, Jehovah's Witnesses are sure to be ignorant (whether willfully or not) of the history of lie-telling the watchtower has. Number three, this book is a fairly good introduction to JW doctrines and beliefs. Good expose of the NWT "Translation." Nice summary of JW history. The defense of the Trinity they offer is weak in some areas, but all in all this is a good book and a good buy. Whoever it was that accused Dr. Ankerberg of being a liar is quite wrong. Dr. Ankerberg is an exemplary Christian who I myself look up to. In fact, he's the guy who got me into apologetics. (Different story.) Anyway, I highly recommend this book as an introduction the Jehovah's Witness doctrine.

I've found this book to be very helpful in my study of the Watchtower organization. A great read for those who are may have encountered a Jehovah's Witness for the first time or are unfaiiliar with the religion, as it offers a brief history of the organization, and analyzes many of their doctrines. As you may have noticed, all the negative reveiws of this book offer no real supporting evidence for their claims of the book being "distorted, inaccurate regurgitations of half truths". I DID go to the JW"s for the "facts", and almost became a member of a local congregation. Praise the Lord Jesus for keeping from making the biggest mistake of my life. This book is a welcome addition to any Christian's library.

I just wanted to ask the "Jehovah's Witnesses" who made comments on this website, if the "Elders" (or head church members -for those people who do not know the term) knew that they had read this book. From what I know as a former Jehovah's Witness, a true Jehovah's Witness cannot read books like this one because the group considers this type of book as "apostate material" that is unfit for a true Christian to read. Any Jehovah's Witness that did read the book is actually going against the church and could be severely punished for doing so. My point is, do not make any judgements on this book without actually reading it first and try to look at it with an 'unbaised' attitude. If a person cannot seperate their strong feelings one way or the other toward the group, I do not believe they are able to give a 'unbiased' opinion on how beneficial or non-beneficial this

book really is.

This is rather different from the other "Jehovah's Witness" books I've read and the one my cousin and I wrote, but I don't mean that in a bad way. This is more of, like the title says, a book of facts as opposed to a book of experiences by folks who've been involved with the Witnesses. This is clinical, like a textbook, but the information is factual based on what I remember being taught as a young Witness. This is somewhat of an expose, a taking to task, a calling out on the mistakes, turnarounds, and inconsistencies within the organization. If I knew nothing of this organization, I would find this book very informative and rather critical.

this is a very accurate & concise view into the witness fraternity and the way the rank & file are treated by the upper echelon of what really is a damaging pseudo religious cult

Touches on the key points all should know about the JWs. Good reference book. I would recommend this book for your library.
