The Healing Wisdom Of Mary Magdalene: Esoteric Secrets Of The Fourth Gospel

Synopsis

An in-depth study of the heart-centered teachings of Mary Magdalene • Explains how the Fourth Gospel of the New Testament, specifically the Gospel of Signs, is actually a direct transcription of Mary Magdalene's oral teachings • Reveals Mary Magdalene as a gifted visionary teacher and the best qualified disciple to lead the Jesus movement after his death • Details how the Gospel of Signs outlines 7 key steps for personal transformation and healing

The discovery and translation of the Gnostic Gospels have revealed Mary Magdalene to be a gifted visionary teacher and the best qualified disciple to lead the Jesus movement following his death. Yet, according to most scholars, only a few fragments of her actual teachings have survived. Sharing more than 20 years of research, inspired by a profound experience at the cave in southern France where Mary Magdalene is reputed to have spent her final years, Jack Angelo reveals that the Fourth Gospel of the New Testament, traditionally attributed to John, is actually a direct transcription of Mary Magdalene's oral teachings. He explains how the Fourth Gospel was recast by more conservative members of the Jesus movement, such as Peter and Andrew, to hide Mary's authorship and suppress her role as head disciple. Delving deeply into the many layers of meaning within the "Gospel of Signs"--the first 11 chapters of the Fourth Gospel which describe seven of Jesus' miracles--he shows how Mary's teachings outline seven key steps for personal transformation and profound healing. For example, the sixth sign describes the shamanic healing of a blind man when Jesus spits on clay and smears the paste over the man's eyes. Angelo explains how the deeper meaning of this sign is about perceiving with the "eyes of the heart."

Beyond the beauty and simplicity of Mary's wisdom for personal transformation and healing, Angelo also shows how Mary's heart-centered teachings embody the resurgence of feminine energy that is vitally needed to restore balance to the psyche and health of humanity as well as to Earth.

Customer Reviews

The idea that the Gospel of John is actually a record of the oral teachings of Mary Magdalene is growing in popularity. More and more people are accepting the thought that she was an important figure in the early Christian movement, and may indeed have taught along side Jesus as an equal. A visit to a cave in Provence provided Jack Angelo with the experience of sensing Mary Magdalene's presence and opened the door to the pursuit of her wisdom teachings. A lifelong seeker on the shamanic path, he combined his intuitive encounter with scholarly research in order to better understand her role in the early history of Christianity. In this book, Angelo not only recounts his pursuit of the real Mary Magdalene, he also takes readers through the Fourth Gospel, revealing the layers of wisdom which he has found within the text. In the last part of the book, he helps readers to connect with the lessons that are found there and explore them further on their own. It is an interesting treatise on both early Christianity and the resurgence of the feminine aspects of spirituality (heart-centered wisdom). It will be an especially valuable tool for anyone interested in subtle energy and the healing modalities associated with that energy. (InannaWorks.com received a free copy of this book.)

This was beautifully written by the author. I was impressed by the historical information that he included with his own interpretations. This book offers so much for those that are searching for the truth. I consider this book would as a life changer....

This is a wonderful read. It is filled with very interesting information.

Finally a truly informative account of our Mary Magdalene. Awesome!

Some ideas seem to reflect PARTS of beliefs, and teachings. But I have been in contact with spirit type happenings, all my life. These teachings, seem too "talked-over" Not enough "simple explanations". Definition is for > (For each to determine)
