I found this book a quick and information read. It gave the foundation of the Ethiopian Orthodox Church and this was a great place to start my further exploration into the culture of the Tewahedo culture.

Having been fascinated by the 11 churches of Lalibela in Ethiopia. I decided to use this book as my starting point to learn about the faith. I am glad I did and would recommend it to anyone who is curious about the Tewahedo Faith.mbvirtual.com

Summarizes by blaming exiled pathriaric by the political leaders and archbishops with luck of any description about the basic reason that leads to divide the church adiministration in to two.
