Divorce And Beyond Participants (Divorce & Remarriage)

Synopsis

When a marriage ends it is more than a separation of two people. It is a death of an important part of their lives. *Divorce and Beyond*, the popular program for adults who have gone through a recent divorce, offers readers the support and guidance they need to help them through the divorcing process. Completely revised and updated, it will help readers through the initial stress, anger and guilt to ultimate forgiveness, happiness and growth. *Divorce and Beyond* is designed as a ten-session workbook for men and women who are already divorced or have filed for divorce. Each session or chapter covers the primary emotions experienced as a person works through the divorce process.

Customer Reviews

I have used this book personally and with small groups during divorce recovery. It is practical and helps to normalize the fear, anger, resentment and other feelings that arise out of the marital loss. It teaches us how to get on the right track to recovery and forgiveness. It really does give us tools and insights to move beyond divorce rather than remain feeling victimized. An easy read with a thoughtful, interactive plan to rebuild life.

We recently used Chapter One and it was fantastic. Everyone verbally participated with their questions or stories. We will continue to use via a chapter a meeting. Still don't know how well

people who come to our meetings mid-stream will fold into the group and topics.

I run a program for divorced and separated. This book really concentrates on the newly divorced. A lot of the questions didn't apply to the recently separated
