Gris Grimly's Tales From The Brothers Grimm

Synopsis

The Brothers Grimm's fairy tales are brought to life for a new generation of readers in their original, uncut form by the modern master of gothic horror, Gris Grimly. The name alone is enough to call to mind any number of the timeless fairy tales collected by brothers Jacob and Wilhelm in the early nineteenth century. These folktales have been told and retold in many forms for over two centuries, and while the particular mix of fantasy, adventure, and wonder that defined their seven-volume collection has endured, the terror, violence, and darkness of the original stories has often been lost in translation. Enter Gris Grimly, who has faithfully reproduced the original text of a selection of tales and adorned them with his own inimitable artwork. The result is a Grimm collection unlike any other, set in a world that is whimsically sinister, darkly vivid, and completely unforgettable.

Book Information

Hardcover: 288 pages

Publisher: Balzer + Bray (July 26, 2016)

Language: English

Customer Reviews

This is a beautifully written collection of the Grimm Fairy Tales. The language is challenging, though, so younger readers may have difficulty. Many of the old tales will be unknown to most readers, and because these writings are true to the source material, often contain fairly graphic scenes of violence. If you and your children are not easily shocked, this one of a kind collection will delight you.

Gris Grimly brings the grim back to Grimm, the original Brother's Grimm stories and fairy tales beautifully brought to life in a way like no other illustrator could bring to life then Gris Grimly!

I am in love with this book. It's so pretty and the quality is great for price. The paper itself, the pages, are neat. And of course his illustrations are amazing.

Another beautiful piece from the Master. The Grimm Brothers's tales fits well with Gris Grimly's outstanding, beautiful art. Love it! It's worth the wait.
