Keena Ford And The Secret Journal Mix-Up

DOWNLOAD EBOOK
The third book about the spunky second-grader, perfect for fans of Ramona Quimby, Junie B. Jones, and Frankly, Frannie! Keena Ford loves writing in her journal. She keeps all of her thoughts in there, even if they are sometimes not-so-nice. One day, Keena accidentally leaves her journal in Tiffany Harris’s apartment, and Tiffany tells Keena that she’s going to tell all of Keena’s secrets! With help from her brother, some classic fables, and a visiting author, Keena discovers what she must do to stand up to Tiffany and make things right with her friends. "Young readers will relate to her friendship dilemma and appreciate her vibrant personality. Readers of Sharon Draper’s Sassy series will enjoy meeting Keena." - School Library Journal
she read the diary and will expose all of the bad things Keena has said about other people unless Keena plays with her exclusively. This goes on for a while until Keena comes up with a plan to try to get her secret journal back. I found myself laughing out loud while reading it. It also teaches important lessons about honesty and friendship and family love. My 7 and 9 year old sons also liked this novel, so it is not just a "girls" book.

It's hard to find books for young black girls where they are the star of the story! So cute and my 8 year old daughter read this super fast. If you are looking for a new, diverse book to add to your library this is a great choice.

I bought this book because it was somewhat frugal. I needed it as a party gift for my 8 year old daughter's tea party/book club. The book is cute, age appropriate, and fun. I recommend it for 2-3 graders.

I did do a lot of research before I purchased this book. My young friend is reading a book a week and writing a report. I was told her eyes lit up when she saw her books, which included "Keena Ford and the Secret Journal Mix-Up." I thank you for writing this book.

Great story! It is a struggle to find books and chapter books that will hold my kids attention, but they LOVE Keena Ford stories! They sympathize with Keena when she gets into trouble, but can't help laughing at all of her misadventures. They have read all 3 stories and anxiously awaiting the next one.

My daughter is in second grade and she absolutely LOVES these books! It encouraged her to start keeping a journal of her own. Today, she and I went and picked out a journal so she could write about herself, just like Keena Ford. We are really disappointed that there are only three books :-(( Melissa Thomson, if you are reading this, PLEASE write more books for my daughter Kayla! Keena Ford is her all time favorite!

Great chapter book for young readers! I got this book from the library. My daughter and I read it together. She loved it! The characters are very believable and the dialogue is great. I am sure we will read the whole series.
This is my first time reading a Keena Ford book and it was really good and amazing I L-O-V-E It! And it's very inspirational, inspired me. I KNOW THAT I am going to get another Keena Ford Book. And I know that I can be like wow! I should read another one of Melissa Thompson's books because she knows what she is doing! For a first time reading this book it was amazing it was actually pass amazing!
