**Customer Reviews**

My 5-year old reads well above her kindergarten level and we started reading the Critter Club after I was looking for chapter books that she would love. We enjoyed the first four books and this is the 5th installment to the series. We love this story and it’s also the first time my daughter had an
understanding of what divorce is.

A simple quick read with depth. Why depth? Amy was introduced to her stepsister, chloe, and despite being embarrassed by her for being dressed like a craze and was accused blatantly for ruining the cookies and so forth, Amy demonstrated her kind and magnanimous side and even went to her rescue when she was cornered by a Dalmatian and finally not only winning over Chloe but also resolved Chloe's predicament. A good book where the young reader learnt that patience and kindness win the day!

My daughter can't put The Critter Club series down. Note to Callie Barkley, huge thanks, now get back to work and write many more!

My 7 year old daughter loves this series and tears through them. I will continue to buy any series that keeps her engaged in reading and challenges her.

My 3rd grader loves this series! She's very hard to find books for (she doesn't love to read) but she can't put these books down.
